

HIGHLIGHT

Maine Cancer Foundation provides funding for cancer patient navigator, Kaitlyn Umphrey, at **Cary Medical Center** in **Caribou**.★ Kaitlyn is a credentialed navigator assisting patients and caregivers through their cancer journey.

Kaitlyn coordinates care among medical providers, attends appointments, provides education, and arranges transportation that may take patients hundreds of miles from home.

Recently, Kaitlyn found financial help and mapped the trains, planes and buses to treatment for a liver cancer patient, who gratefully acknowledged:

“I don’t know what I would have done without Kaitlyn’s help.”
